This beautifully lit duplex apartment with two balconies and direct entrance from the street is located on the 1st and 2nd floors of a boutique residential project with 15 unique units and creatively designed common areas. Originally a tenement apartment building from the 1930s, it is nestled in a green part of Prague 4 - Nusle, not far from the city center, which is excellently accessible by public transport and by bike along a safe bike path. The project was completed in December 2024 and the unit is move-in ready.

The entrance level of the apartment consists of an open living space with a preparation for a kitchen, a bathroom with an interesting semi-circular shower, a separate toilet, and a foyer. A staircase leads to a private area where there are 2 bedrooms, one with an en-suite bathroom. The living room has access to one balcony, and both bedrooms have access to the second balcony. The balconies face a quiet garden with mature greenery.

The units in the project are divided into six collections. This particular apartment is part of the **Jacqueline** collection. Facilities include **high-quality LVT floors** in a wooden decor and properties, large-format wall and floor tiles combined with **mosaic tiles in neutral earth tones**, **Laufen and Kartell by Laufen** sanitary ware, **Grohe Essence** chrome faucets including concealed ones, a designer P.M.H. Rosendahl heated towel rail, **custom-made** entry doors and **Sapeli** interior sliding doors.

This **very pleasant neighborhood** is nestled between the **Na Fidlovačce** and **Křesomyslův Hájček** parks, and **Fojmanka Park** with sports fields and the large green areas of **historic Vyšehrad** are nearby. Several **cafés and sports and wellness centers** are located on the **26th floor** of the Corinthia Hotel, only a short distance from the residence, and the range of services in the area will be further expanded by the future **Nuselský Pivovar residential project**. There is a tram stop just a few steps away, and the Vyšehrad metro station (line C) and Náměstí Bratří Synků Square (where a line D metro station will be built) are within easy walking distance.

Floor area 71.3 m², balconies 15.8 m².

Possibility to purchase a storage space at extra cost.
