This very spacious single-story family house with an infrared sauna, outdoor pool, plenty of storage space, and photovoltaic power is located in a nicely accessible area on the outskirts of Brno, close to the Futurum and Olympia shopping centers or Bobrava nature park. The bungalow mainly faces a peaceful and beautifully maintained garden.

The spacious layout consists of a large living room with a fireplace and kitchen, 4 bedrooms, a study, 2 walk-in wardrobes, 2 bathrooms, 2 separate toilets, a central hall, a foyer, utility room, a laundry room, a large-capacity pantry, a fitness room, a storage room with access to the garden, and a separate bright room (28 m²) with a kitchen and toilet. A room approved as an business is suitable, for example, as a beauty salon or an office. The interior of the house is connected on the west side by a large terrace.

The house was approved in September 2018. Floors are vinyl (ceramic tiles in the bathrooms), and there is underfloor heating throughout with the possibility of individual regulation (in the bathroom with heated towel rails), the heat source is a gas condensing boiler, the recuperation system also provides cooling. The large-area plastic seven-chamber triple-glazed windows are by the Veka German brand, and can be shaded with remote controlled exterior blinds. The extra-large kitchen is equipped with an electric, steam, and microwave oven, an XXL induction hob (80 cm), a barbecue, and a gas cooker and 2 sinks. The house is guarded by a Jablotron security system. Photovoltaic panels cover all consumption during the summer season, and surpluses are used for hot water. Convenient parking and storage is possible in the double garage with enough storage space, other parking spaces (also covered) are on the property. On the terrace is a preparation for a hot tub and an outdoor kitchen with a chimney for an outdoor fireplace, a covered swimming pool (7 x 3 x 1.4 m) with salt water technology requires minimal maintenance. There are also 2 warehouses on the property, one of which has a toilet and water. Thanks to the placement of the house in the middle of a large garden, the interior is absolutely calm, complemented by views of the greenery. In front of the house is an ornamental part of the garden, at the back is a relaxing part with fruit trees and a space for children's games.

A kindergarten and an elementary school are nearby, and the Futurum and Olympia shopping centers are also within a convenient distance. Excellent transport links with the center of Brno are ensured by trams, by car you can easily connect to the R52 highway, which goes to Vienna, and the D1 and D2 highways. By bike, you can reach the beautiful deep forests of the Bobrava Nature Park in 20 minutes.
