This above-standard air-conditioned apartment, which will amaze viewers not only due to its size, but also amazing garden and interior designed down to the last detail, is part of the exclusive Chateau Troja residence located in a quiet place right next to the garden of the Troja Castle. Thanks to the interior area of over two hundred meters, a six-hundred-meter garden, 2 garage spaces and 2 large cellars, the apartment's parameters are comparable to a family house.

The central point for family and friendly gatherings is the **70-meter living room** with an open plan kitchen and dining area, which has access to the **southwest-facing garden terrace** suitable for **outdoor dining**. The private zone consists of a master bedroom (now used as a multifunctional room), with a comfortable en-suite bathroom and the possibility of creating spacious walk-in wardrobes, and 3 other bedrooms with their own en-suite bathrooms. The layout is completed by a spacious hall with storage space, a closet with a connection for a washing machine, and a separate toilet. Most rooms have access to one of the **terraces** and the **garden**.

The residence was completed in 2019. The top standard facilities include oak floors, air-conditioning and aluminum windows with triple glazing and exterior security blinds. The kitchen, in a combination of concrete coverage, wood, and slate, designed by a renowned studio, is equipped with high-end Miele appliances (convection oven and steam oven, microwave oven, refrigerator, wine fridge and a second, smaller Liebherr wine cabinet). The apartment also offers brand-name light fixtures including hand-blown Italian chandeliers and a built-in sound system in the living room with the possibility of expansion to other rooms. The Grohe Pure Blue system allows you to pour sparkling water directly from the tap. A wood-burning fireplace seamlessly connects to the kitchen, and custom built-in furniture provides plenty of storage space. The sanitary ware is by the Grohe, Laufen, and Geberit brands, the bathrooms have floor heating and heated towel rails, the apartment is heated by a central boiler. Facilities include a preparation for sensors for the security system and a preparation for a hot tub and pool in the garden. The apartment has 2 garage spaces and 2 cellars, and a reception is available to residents.

The location on the site of a former fishing settlement allows you to live by the **bike path along the VItava River** through which you can get to the **botanical and zoological gardens** or Stromovka Park in no time. Nearby, there is a grocery store, a private kindergarten, an elementary and **secondary school**, a restaurant, and a post office. By bus it is possible to reach the Nádraží Holešovice metro station in just a short time, and by car you can easily enter the
