Total area	42 717 m²
Land type	
Reference number	108521

Land in the village of Hviezdoslavov, near Šamorín and Bratislava, offers ideal conditions for modern housing with excellent access to the capital. The total area of the land is 4.27 ha (42,717 m²), which provides enough space for the implementation of a large-scale residential project. The plot is currently zoned as agricultural land in the land use plan, but is in the process of being changed to residential building use.

The plot with an area of 42,717 m² is situated at the edge of the village with a direct connection to a road, ensuring easy access. All utilities are available directly at the plot, which greatly facilitates and speeds up the construction process.

The plot is currently zoned as agricultural land in the land use plan, but is in the process of being changed to residential building use.

Hviezdoslavov has a strategic location - only 30 km (approximately 20 minutes by car) from Bratislava and at the same time providing a quiet, rural environment with complete civic amenities.
