The newly emerging Hillside residential project with views of the Little Carpathians will offer timeless housing set in the Bratislava neighborhood of Záhorská Bystrica. It combines the advantages of a new building with a modern design and progressive filigree construction technology. The peaceful and quiet residential location within reach of all civic amenities and nearby forests will provide, among other things, a wide range of leisure activities. Quiet living on the outskirts of Bratislava, excellent transport accessibility, and nature within easy reach. Expected approval date 09/2021.

The interior of the one-bedroom apartment will consist of an entrance hall with space for a built-in closet, a living room with a kitchen, a warm south-facing bedroom with space for a built-in closet, a bathroom with a bathtub, and a toilet. The living room has access to a spacious west-facing balcony.

The **white-wall apartment** will include insulated triple-glazed **French aluminum windows, underfloor heating, and a fan coil ceiling cooling system** throughout the apartment. Owners will have the opportunity to choose between two types of standards of completion. Purchasing the apartment comes with an obligation to buy a **cellar storage unit** and at least one parking space in the garage.

Standard equipment will include a preparation for motorized exterior blinds, laminate floors, interior doors, tiles and sanitary ware in the bathroom, KLUDI faucets, a shower with a built-in floor drain/bathtub, toilet. **Above-standard equipment** will include higher quality materials, wooden floors, rebateless interior doors, larger tiles in the bathroom, and **Hansgrohe** faucets.

The **Hillside** residential complex is being built on the outskirts of Záhorská Bystrica. The district provides a quiet, peaceful environment by Bratislava's city limit, and at the same time full civic amenities. The **Little Carpathians** are in the immediate vicinity of the project, making this a healthy environment full of greenery and fresh air. You can reach the city center very quickly by car or public bus. A public transport stop as well as a playground are located 150 m from the building. A supermarket is 500 meters away.
