This easily accessible 1,115 sq. m. plot of land with a valid building permit for a family house is located in the village of Víchová nad Jizerou in the picturesque landscape of the foothills of the Krkonoše Mountains. The offer includes a project for the construction of a vacation house.

The location of the land allows for easy connections to utilities, including CETIN Internet. According to the project, a house with a built-up area of approximately 130 sq. m. can be built, containing 2 floors (a ground floor and a residential attic). On the ground floor, there will be a living room with a kitchen, 1 room, a bathroom, a separate toilet, a closet, a hallway, a covered vestibule, and garden equipment storage. In the attic with direct access from the grounds, there will be a living room with a kitchen, 1 bedroom, a bathroom, a toilet, and a hallway.

The quiet village spread out above the **romantic Jizerka River** and the **Chlumský Stream** provides services and nature at your fingertips. There is a kindergarten and elementary school, a post office, or a grocery store in the village. The land is well connected with the surrounding villages and towns by buses and trains. Hiking and cycling trails in the area lead, for example, to **waterfalls (ice falls in winter)** or **castle ruins**. Another advantage is the proximity of major **ski resorts** in the Krkonoše Mountains and the Jizera Mountains.
