The dominant feature of the ground floor is the living room with a preparation for an open plan kitchen connected to the **garden terrace**. There is also a hall, a toilet, and a closet under the stairs leading to the first floor, where there are 2 bedrooms, a bathroom, a separate toilet and a utility room with a connection for a washing machine and dryer. The attic consists of a parents' suite with a bedroom, dressing room, study, and bathroom.

Built in a timeless style, the brick house made extensive use of **wood**, whether on the ventilated façade, windows with insulated **triple-glazed panes**, lacquered entrance doors with security fittings, or glued three-layer floors. The fully equipped bathrooms and other facilities have ceramic tiles. Throughout the house is **underfloor heating** connected to a gas condensing boiler. The surface of the terrace is made of smooth planks; the entrance is decorated with brick cladding. You can park in the **garage**.

In a very pleasant location with an impressive mix of preserved historical buildings in a modern arrangement. The neighboring building is also undergoing a complete reconstruction. Ideal for family living, it is located in an area with a long history of settlement, resulting in a strong **genius loci**. The St. Lawrence Church and **wooden bell tower** are the oldest preserved historical structures, dating back to the 11th century. The **Prokop Valley** is a short walk away, as is the Jinonice metro station or the new Waltrovka district with a wide range of services.
